CM 506 Christian Ethics in a Post Modern Society

8:00 a.m.-12:00 p.m., 2 credit hours

Dr. Mickey Creed

Our contemporary world is constantly changing. The cultural chaos created in today's society has forced Christians to be aware of social ethics. Not only is society divided on these issues, but much of the Christian community is also divided. What does the Bible say about contemporary ethical issues? God's truth must be one's standard when one is confronted with various moral questions. A Christian philosophy of social ethics is imperative in today's society. This course will analyze such issues as abortion, euthanasia, homosexuality, capital punishment, biomedical issues, civil disobedience, marriage and divorce. An evaluation of these issues from a Biblical perspective will help the student to develop guidelines and convictions as he lives in our contemporary society.

CM 504 Discipleship, Mentoring and Equipping in the Local Church

1:00 p.m.-5:00 p.m., 2 credit hours

Dr. Eugene W. Nichols

This course will deal with the Biblical philosophy of discipleship and will focus on how to effectively develop all Christians to spiritual maturity (Ephesians 4:11-12, Philippians 4:8-9) and some to leadership (2 Timothy 2:2). Attention will be given to the development of a multi-level comprehensive spiritual growth program for the local church which will include: Basic Discipleship, Intermediate Discipleship, and Advanced Discipleship. A ministry-matching approach will be introduced which will allow a pastor to match the ministry needs of the local church with the gifts and calling of its members.
